

Come On and Get Digital!

Montana State Agency Digitization Forum

Want to learn how to manage your agency's publications and records using current technology?

Want to learn how to make better use of valuable office space while retaining your state publications and records?

Then join us!

We'll discuss current digital best practices and advancements for

- business efficiency,
- preservation
- and access to Montana's government information.

Attendees will be encouraged to share information about their digitization projects and methods for managing state agency publications and records.

To help us make the forum even better suited to your needs, take the short online survey located at: <http://tinyurl.com/msldigitalsurvey>

Tuesday, September 30, 2008
